

# Educational and Research Institute of Telecommunication Systems

**National Technical University of Ukraine  
“Igor Sikorsky Kyiv Polytechnic Institute”**

*M. Ilchenko*

*26.01.2022*

# Educational and Research Institutes

- ✓ *Institute of Materials Science and Welding*
- ✓ *Institute of Aerospace Technologies*
- ✓ *Institute for Publishing and Printing*
- ✓ *Institute of Energy Saving and Energy Management*
- ✓ *Institute for Applied Systems Analysis*
- ✓ *Institute of Telecommunication Systems*
- ✓ *Institute of Mechanical Engineering*
- ✓ *Institute of Physics and Technology*
- ✓ *Institute of Nuclear and Heat Power Engineering*

# FACULTIES

- *Faculty of Sociology and Law*
- *Faculty of Electronics*
- *Faculty of Instrumentation Engineering*
- *Faculty of Heat and Power Engineering*
- *Faculty of Electric Power Engineering and Automatics*
- *Faculty of Chemical Technology*
- *Faculty of Linguistics*
- *Faculty of Biotechnology and Biotechnics*
- *Faculty of Chemical Engineering*
- *Faculty of Informatics and Computer Engineering*
- *Faculty of Management and Marketing*
- *Faculty of Radio Engineering*
- *Faculty of Physics and Mathematics*
- *Faculty of Biomedical Engineering*
- *Faculty of Applied Mathematics*

**Project**  
of Kyiv Polytechnic Institute  
for organizing the training of  
telecommunications specialists  
**turned 20 years old**  
in may, 2013

**Over 300 representatives of government, telecommunication companies, and students took part in celebration of the 20th anniversary of the Department of Telecommunications and the 10th anniversary of the Institute of Telecommunication Systems of "KPI" on 29 May 2013**

The new department of telecommunications was established in 1993 by the Ministry of Communications of Ukraine, National Space Agency, Academy of Sciences of Ukraine, SCST. Based on it, as well as two new departments and the Research Institute of Telecommunications in 2002 an educational complex

"Institute of Telecommunication Systems"  
was created

ITS complex took a niche in  
Ukraine for training of  
specialists in use and  
development of  
telecommunications  
equipment

Scientific Supervisor, Director of  
the Institute of Telecommunication  
Systems—

Academician of the National Academy of  
Sciences of Ukraine, Doctor of Technical  
Sciences, Professor, Honored Scientist of  
Ukraine, Laureate of State Prizes in  
Science and Technology, Honorary  
Personality in Communication of Ukraine

**ILCHENKO**  
**Myhailo**

# Teaching Staff of ITS

- Professors - 14;
- Associate Professors - 27;
- Senior Teachers - 10;
- Assistants - 6;
- Teaching and support staff - 15

65% of teachers have doctors and candidates of technical sciences degrees

# ITS DIRECTORATE

*Scientific Supervisor,  
Director of the Institute of  
Telecommunication  
Systems,  
prof., academician of  
the NAS of Ukraine  
M. Ilchenko*

*First Deputy  
Director of the  
Educational  
and Research  
Ph.D.,  
H. Avdieienko*

*Vice-director ITS of  
education and methodical  
affairs, PhD, Ass. prof.  
V. Pravylo*

*Vice-director ITS of  
education affairs,  
PhD, Ass. prof.  
I. Kononova*

*Vice-director ITS of  
scientific affairs,  
prof.  
S. Kravchuk*

*Vice-director ITS of  
international  
cooperation., prof.  
L. Globa*

*Vice-director ITS of  
administrative affairs  
O. Miklyaev*

# ITS STRUCTURE

## Department of Telecommunications

*Scientific Supervisor of  
Department,  
prof., academician  
NAS of Ukraine  
M. Ilchenko*

## Department of Information and Communication Technologies and Systems

*Head of Department,  
prof.  
S. Kravchuk*

*Head of Department,  
ass. prof.  
V. Pravylo*

# Our history in fields of telecommunication, science and achievements

**Over 25 years ITS prepared**  
**1675 bachelors,**  
**808 masters,**  
**665 specialists**  
**in telecommunication**

# There are 30 graduates of Igor Sikorsky KPI work in Huawei Ukraine

Боднарчук Сергей,  
2012,  
Радиотехнический  
факультет

Янишевский  
Антон, 2000,  
Факультет  
электроники

**Воронин  
Роман,  
2016, ИТС**

Мандрык Тарас,  
2005, Факультет  
информатики и  
вычислительной  
техники

Ананко Андрей,  
1995, Электро-  
акустический  
факультет

**Кот Андрей,  
2016, ИТС**

**Гулей Сергей,  
2006, ИТС**

**Чермянин  
Антон,  
2016, ИТС**

Вижуткин  
Дмитрий,  
2005,  
факультет  
электроники

**Набока  
Борислав,  
2016, ИТС**

Иванык  
Александр,  
2003,  
Институт  
прикладного  
системного  
анализа

Мацевытый  
Владимир, 2003,  
Факультет  
электроники

Гиндикина  
Мария, 2016,  
Радиотехническ  
ий факультет

Яровый Максим,  
2009, Факультет  
электроники

Еременко  
Алексей, 2009,  
Факультет  
электроники

**Дяденко  
Александр,  
2011, ИТС**

Дмитренко  
Анатолий,  
2014, Институт  
специальной  
связи и  
защиты  
информации

**Босюк  
Олег, 2016,  
ИТС**

Completed  
**47 theses,**  
including  
**13 doctoral**  
**Ta 47 PhD**

**Formed a team of teachers,  
which brings together  
experienced professionals and  
talented young people  
(average age of teachers  
under 50 years old)**

# Young teachers and scientists of ITS

# ITS has laureates of State Prize in Science And Technology of the USSR, the Ukrainian SSR and Ukraine

# ITS has students - Champions in Telecommunications

**Over 20 best students of ITS have won the first place in the nationwide competition of professional training and research activities**

# MYKYTA OSOKIN

**Published**  
**28 monographs,**  
**20 textbooks,**  
**over 600 articles**

# Published a scientific journal “Information and Telecommunication Sciences” and journals of Springer publisher

# The Third International Conference on Information and Telecommunication Technologies and Radio Electronics (UkrMiCo)

# Section 1. Infocommunications

IT, Cloud and Big Data technologies, E-society, Internet of Things and its etc. implementation, information and communication systems security

- **STRELKOVSKA Iryna Viktorivna** – Dr.Sc., Prof., O.S. Popov ONAT, Odessa, Ukraine

- **KLYMASH Mykhailo Mykolaiovych** – Dr.Sc., Prof., Lviv Polytechnic National University, Lviv

# Section 2. Telecommunications

Telecommunication systems and networks, theoretical foundations of information processing and transmission in telecommunication systems, SDN and SDR etc.

- **KRAVCHUK Serhii Oleksandrovych**  
– Dr.Sc., Prof., Igor Sikorsky KPI, Kyiv.

- **LEMESHKO Oleksandr Vitaliiovych**  
– Dr.Sc., Prof., KhNURE, Kharkiv, Ukraine.

# Section 3. Radio Engineering

theory of circuits, signals and processes in radio engineering and electronics, circuit

engineering, antennas, microwave technology, microwave and THz electronics etc.

- **KRIZHANOVSKYY Volodymyr Hryhorovych** – Dr.Sc., Prof., Donetsk NU, Vinnytsia, Ukraine

- **PAVLIKOV Volodymyr Volodymyrovych** – Dr.Sc., Senior Scientist, NAU “KHAI”, Kharkiv

# Section 4. Electronics

Electronic materials, electronic devices, nanoelectronics and nanotechnology etc.

- **LEPIKH Yaroslav Ilich** – Dr.Sc., Prof., Mechnikov ONU, Odessa

- **MELNYK Ihor Vitaliiovych** – Dr.Sc., Prof., Igor Sikorsky KPI, Kyiv, Ukraine

# UkrMiCo'2016

Research Institute of Telecommunications of the National Technical University of Ukraine "KPI", according to the decision of the Presidium of NAS of Ukraine from 13.06.2001 №181, is working under the guidance of scientific and methodical Informatics department of NAS of Ukraine

**Research institute has 10 laureates of the State Prize in Science and Technology**

**Major research areas:**

**Technologies of telecommunication systems and networks creation**

**Telecommunications software and hardware engineering**

**Information and communication computer systems and networks**

# The overall structure of building national information and telecommunications infrastructure

The research first presents the concept of building a national information and telecommunication infrastructure,

Which covers

- satellite,
- stratosphere,
- terrestrial

Segments of telecommunications systems and networks.

KC – communications satellite,  
CH – navigation satellite

# **Telecommunication network using satellite telecommunications systems**

# Satellite communication systems control center

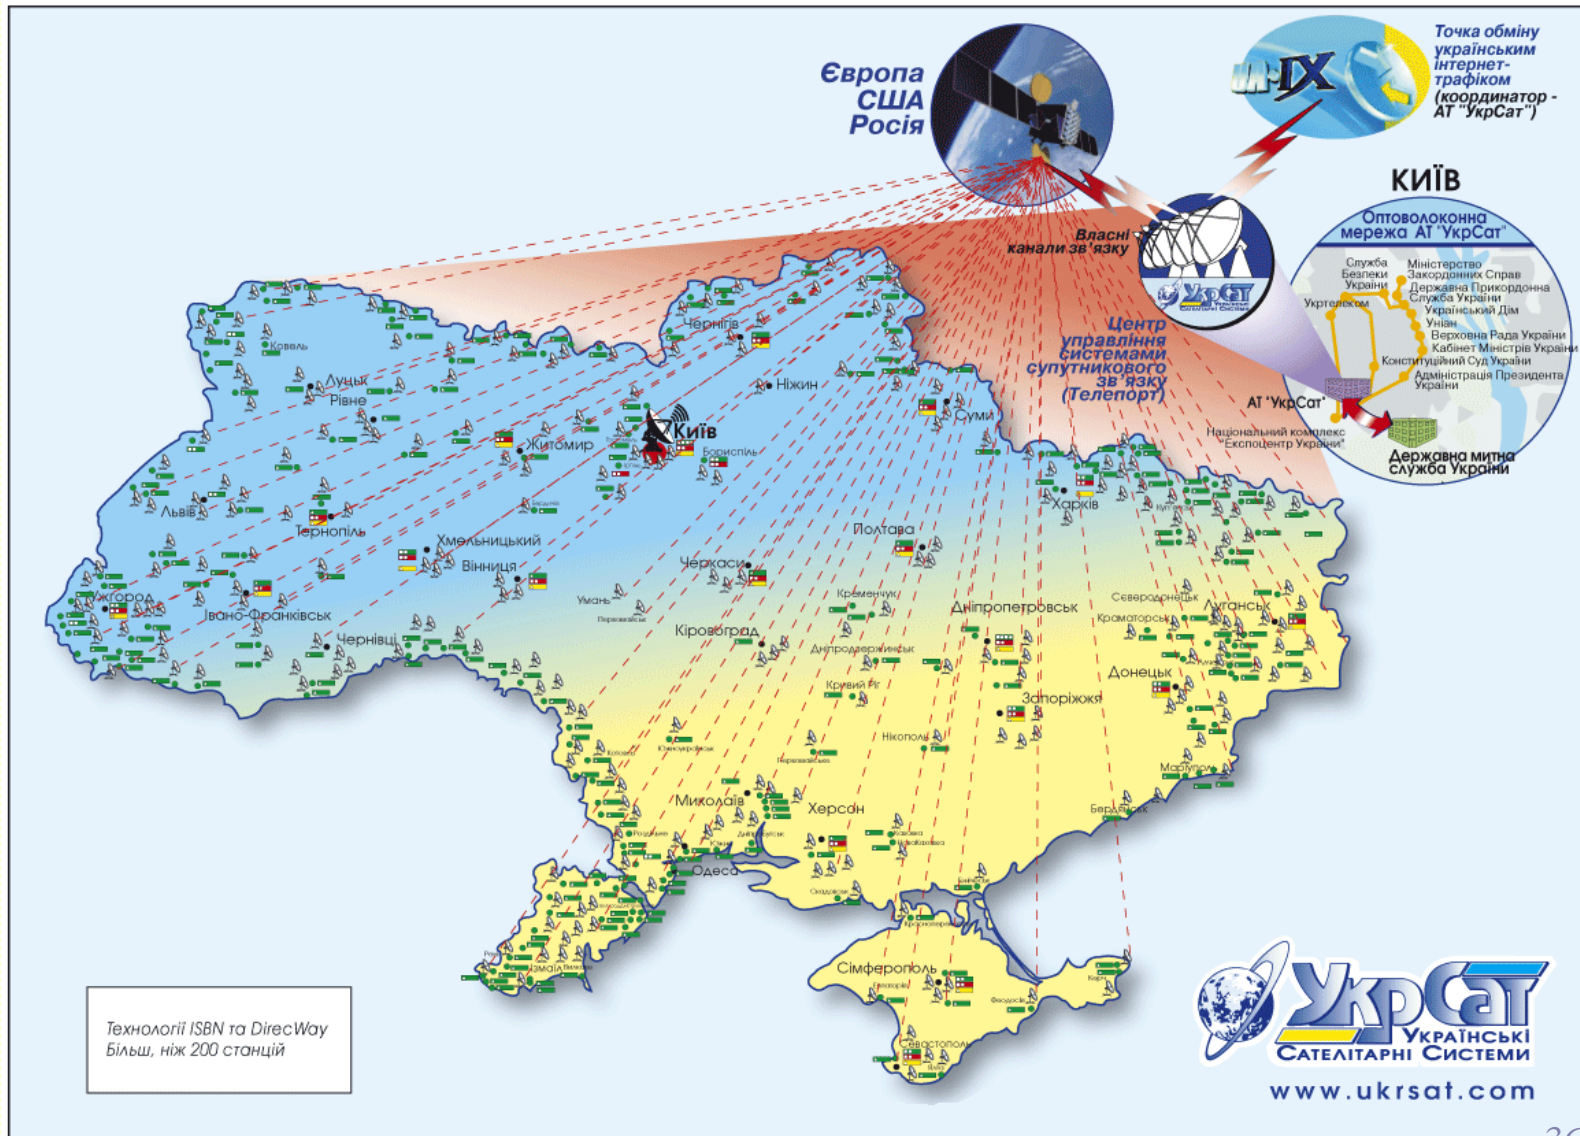

---

**Institute of Telecommunications Systems**

# Map diagram of the satellite transport network of the State Customs Service of Ukraine communications system

# Satellite-terrestrial navigation systems

# Digital microwave radiorelay system

# **Extract from the regulation of the Cabinet of Ministers of Ukraine**

**12 march 2012. № 294**

**Kyiv**

**Some question defining the medium-term priorities of  
innovations on national level for 2012-2016**

## **MEDIUM-TERM**

**priority directions of innovations on national level for 2012-  
2016**

**Development of modern information, communications  
technologies, robotics**

- 4. Development of the technologies for developing the  
national information-communications infrastructure, in  
particular using MITRIS radio technology.**

# Extract from the regulation of the Cabinet of Ministers of Ukraine

5 september 2012. № 838

Kyiv

## On amendments to some resolutions of the Cabinet of Ministers of Ukraine

### PLAN

of radio frequency resource usage in Ukraine

### SECTION II. Perspective for implementing radio technology

Technology name	Base standards	Type of radio technology	Frequency band	Peculiarity of deployment
<b>9.4. Radio relay communications</b>		<b>fixed</b>	<b>94,1-100 GHz 102-105 GHz 106,5-109,5 GHz 111,8-113 GHz 130-134 GHz 141-148,5 GHz</b>	Further research is needed for joint frequency band usage by different radio departments considering the results of VKR-15

# Scientific and technical expertise of the national satellite system "Lybid"

- Participation in testing the payload of the satellite "Lybid"
- Evaluation of qualitative and quantitative indicators of satellite "Lybid" payload
- Simulation of components and the entire network of satellite "Lybid"

**Montreal, Canada**

**Krasnoyarsk**

**Kyiv**

# Project

## “MAP OF TELECOMMUNICATIONS TECHNOLOGY DEVELOPMENT”

**Project goals are**  
**Creating a map of historical**  
**development of**  
**telecommunications,**  
**that is**  
**easy to read, colorful, and**  
**meaningful**

# 1993

---

The logo for MTC (Mobile Telecommunications Company) is a red square with the letters "MTC" in white, bold, sans-serif font.

**July 1, 1993** - the day the first mobile call in Ukraine was made from the UMC mobile network (now MTS).

First President of Ukraine Leonid Kravchuk called to Ambassador to Germany John Piskov. "Good day to you, it's Leonid Kravchuk .." - these were the first words of the UMC subscriber.

Motorola Associate-2000 - telephone, used for the first call in Ukraine, weighed 400 g, price \$ 2,000, plus \$ 1000 for connection.

Ukraine was one of the first countries in the CIS, which had mobile communications (in July 1993 cellular network was launched only in Russia and Uzbekistan and with only one base station)

# Partners of ITS (sponsors, ITS graduates employers)

# HUA HUAWEI and NTUU "KPI"

Meeting with Mr. Ren  
Zhengfei the founder and  
president of Huawei  
Technologies Co. Ltd.  
**February 2016**

Meeting with Delegation of European Research Center  
**June 02, 2016**

# Agreement between Igor Sikorsky Kyiv Polytechnic Institute and Huawei Technologies Co., Ltd. was signed

**September 14, 2016**

*Thank you  
for attention!*
